

ERDAL NAYİR

JR. SOFTWARE DEVELOPER

PERSONAL INFORMATION

I am 3rd grade computer science student at Bursa Technical University. I have been improving my skill on javascript technologies such as react, node.js, react-native. I also improve my skill on docker. I have several project where I use my skills on Github

I love learning new things and experiencing new technologies. I spend the most of my time for activities that improve my current skills and knowledge. I love coding in my free time as well. I am also good team player. I can adapt to my team easily
